

Spring on the farm.

Welcome to Cascade Brook Farm. We look forward to sharing our bounty with you this year.

The annual Spring thaw is a glorious time to be on the farm. The earth smells new, the babies are arriving and the ground is greening up. We are taking soil samples to be analyzed, fixing fence, adding chicks to the laying flock and the Berkshire piglets will arrive in May. Our calves are due to be born in June making the Summer a great time to visit with your family and friends.

We would like to take this opportunity to acknowledge and thank our very special customers. We appreciate your kind words about our farm and products. You can be assured we will always strive to provide our animals, and subsequently your family's food, with the best lives possible. From start to finish. No short cuts.

We intend to use the Notes Page with items that hopefully will interest you. Please check our Farm Notes for our farm events and noteworthy items from the local farming community.

Thank you for supporting sustainable agriculture.
